2245 Wisteria Dr.
Snellville, GA 30078
- WHY:** The new Elizabeth H Williams branch in Snellville opened earlier this year. This facility is located in the city's planned development, The Grove at Town Center, on Wisteria Drive. It replaced the former branch located on Lenora Church Road. The new 22,000 square foot branch occupies the first floor of the two-story building and serves children, teens, and adults with community spaces, a multipurpose meeting room, 20 computer workstations, and Learning Labs that include a maker's space and a recording space. Community spirit based, the Elizabeth H. Williams branch is the only branch to be named after a person: a much loved and respected teacher in the Snellville schools. It also boasts a fun community created art piece in the lobby.
