CELEBRATE NATIONAL LIBRARY WEEK APRIL 6 -12, 2025

WHAT: Libraries are partners in everything that Georgia does, from strengthening early literacy to supporting job seekers and lifelong learners. National Library Week is a time to celebrate the many ways that libraries are essential to their communities and to our state.

"We invite members of our diverse community to join us in celebration by exploring all that Gwinnett County Public Library has to offer, whether they are longtime cardholders or have not visited in years," said Charles Pace, Executive Director.

WHY: LIBRARIES SUPPORT LIFELONG LEARNING

Libraries are welcoming spaces that bring people together to listen to an author discuss their latest book, take a technology class, or attend a children's storytime.

Libraries empower kids to become strong readers and prepare students for success in school and beyond. Cardholders can learn new job skills, grow a small business, or develop a new talent in retirement. With a library card, you have online access to ebooks and audiobooks, research through GALILEO, local history sources, and more. In our branches, you have access to extended hours at several branches, printing services, Wi-Fi access, and makerspaces. You can even borrow a laptop and Wi-Fi hotspot to take home and use!
